

Explore Urban Nature:

Animal Detectives

1. Select one animal group: Bird/Mammal/Insect
2. Using that animal group choose an animal you have seen today...
3. Draw your animal in the animal drawing box
(look on the next page)

4. Imagine a day in the life of your animal:

a. Where does your animal live/shelter? (Can you find their home?)

Explain your findings...

b. What do they eat? (see if you can find any)

Explain your findings...

Draw each of your discoveries
on your animal drawing.

c. Where do they get water?

Explain your findings...

E. Explain to someone each of your findings.

5. What are the threats or dangers to your animal?

Human made threats or natural (other animals)?

Explain your views...

6. Create a way to help protect your animal?

Explain your idea...

Draw your idea in the "How to help animal drawing box".

(Look on the next page)

Animal drawing box...

How to help animal drawing box...

Explain how this will work...
